

## Nursing

The Lake Washington Technical College (LWTC) Nursing program will provide you with a comprehensive education that will help launch you towards a career in health care. The program's innovative approach to nursing education is designed to help you succeed as a professional in the health care area of your choice.

The program features small class sizes, state-of-the-art learning labs, and clinical experiences in a variety of health care settings. LWTC offers several degree and certificate options for you to choose from, including:

- Nursing Associate of Applied Science degree (two years)
- Practical Nurse Certificate of Proficiency (one year)
- Health Unit Coordinator Certification of Completion (19 credits)
- Nursing Assistant Certification of Completion (11 credits)

*Lake Washington Technical College is committed to providing equal opportunity and non-discrimination to students, employees, and employment applicants without regard to race or ethnicity, creed, color, national origin, sex, marital status, sexual orientation, age, religion, the presence of any sensory, mental, or physical disability, or veteran status.*

*Comprehensive  
education for a  
career in health care*

*Preparing students for today's careers  
and tomorrow's opportunities.*

# Nursing

*The instructors are incredibly supportive and always listen to each student with respect. I received a lot of encouragement and guidance from them that helped me to achieve my goal. They are role models and showed me how to take care of individuals with compassion. I am glad that I chose this program to start my nursing career.*

– Kwija, LWTC Nursing student

## Program Highlights

The LWTC Nursing program will prepare you to practice professional nursing in a variety of settings. The program features some of the best nursing training equipment in the region, including the largest human simulation laboratory on the Eastside.

When you successfully complete this program, you'll be eligible to take the Registered Nurse licensing exam (NCLEX-RN).

## Nursing Information Seminar

A nursing program seminar is offered every quarter to provide you with general information about a nursing career, as well as admission information. It also gives you a chance to meet the Nursing program faculty and ask them any questions you might have.

## Career Opportunities

There is a huge demand throughout the region and the country for qualified nurses. When you successfully complete LWTC's Nursing program you'll have immediate access to numerous, rewarding career opportunities with excellent starting salaries and flexible hours.

Professional nursing positions are available at many types of healthcare facilities, including:

- Hospitals
- Clinics
- Physician's offices
- Long-term health care facilities
- Home health care agencies
- Schools

In addition, there are many non-traditional nursing positions available including:

- Traveling nurses
- Legal consulting nurses
- Forensic nurses

## Faculty

LWTC's Nursing program instructors are experts in nursing education and use a variety of teaching strategies to support the learning style that fits you best, including hands on training and clinical simulation. Each instructor has a wealth of clinical knowledge and years of direct work experience in different specialty areas.

From the first day of class, you'll see that your nursing instructors have a genuine interest in your success and are committed to helping you achieve your goals.

For more information about the LWTC Nursing program (including the dates and times of the nursing information sessions), call (425) 739-8300.
