Learn from an Industry Expert Sharon Nielson

I have been an Esthetician/Instructor in the Pacific Northwest since the early 1990's. My belief is that everyone possesses natural beauty. Time, environment, lifestyle, and stress — just to name a few of our skin's enemies — eventually take their toll on all of us! Through science and education, you will develop the skills to help others achieve sometimes life changing improvements to the faces they present to the world every day. I am honored to be part of such a rewarding & honorable profession!
