Accommodation

Lake Washington Technical College does not have on campus accommodations. Students are responsible to secure their own accommodations. We highly recommend students new to the United States live with a local host family. Students who live with host families are typically more involved in local events, become adjusted to life in America faster, and improve their English more than students who live alone or with roommates from their same country. There are several local organizations that assist international students with housing. Application, placement, and monthly fees vary. Three recommended options are:

- USA International (425) 483-5974 www.ushomestay.com info@ushomestay.com
- Intercultural Homestays and Services (206) 367-5332 www.ihincusa.com
- ABODE Homestays, Inc. www.abodehomestay.com
