

## Report to Board of Trustees

Board Meeting Date:	September 11, 2017
Reporter:	Rachelle Malat, Acting President
Department:	Classified Staff

## New Activities

Dean Young's division is working on reviewing the applications for both IST positions in his division (1 FT replacing Bianca Sullivan and 1 PT, which is new).

We are planning a free, one-hour Student Debt Workshop on October 5<sup>th</sup> for Classified Members through AFT. This is a great way to support our membership to educate them on how to get their student loan debt reductions, or even forgiveness. Educating our employees about reducing or eliminating student debt by working for a public employer for 10+ years is another way to increase retention among the classified staff. We are also working with HR to coordinate another Student Debt Workshop in collaboration with all LWTech employees.

## By the Numbers

New employees hired into classified positions since last report	0
