Safety on the Lake Washington Institute of Technology Campus

Welcome to Lake Washington Institute of Technology! The following information is designed to give you basic facts about Security concerns at Lake Washington Institute of Technology (LWTech) and the surrounding Kirkland community. It is our wish that your time on the LWTech Campus is safe and productive.

Historically, LWTech has been a relatively safe haven from the busy outside world; however, King County is one of the fastest growing areas in the State and it is prudent to be aware that we are no longer isolated from the pressure of an encroaching population. Please understand crime prevention is everyone’s responsibility; with that in mind, LWTech takes many common-sense precautions to help ensure the safety of the campus community, and expects its faculty, staff, students, and guests, to do their part to help maintain a safe environment.

Crime does not stop at the campus property line. The key to preventing crime is awareness. While LWTech Campus Public Safety is the primary agency responsible for creating a safe and secure environment, all LWTech employees and students must work together to share this responsibility; LWTech Campus Public Safety is committed to community policing and collaborative problem solving. Many incidents can be avoided if people take basic precautions to prevent their own victimization. If you have any questions about Campus Public Safety at Lake Washington Institute of Technology, please visit our Department at: LWTech Security. The LWTech Office of Campus Public Safety is located in the first floor of the East Building, Room E-145.

Clery Act

Annual Security Report (Clery)

Lake Washington Institute of Technology Policy Statement on Availability of the 2018 Annual Security Report:

The Lake Washington Institute of Technology (LWTech) 2018 edition of the Annual Security Report (ASR) is available at the Office of Campus Public Safety or on-line at the Campus Public Safety Department website. The ASR includes statistics for the three previous years on certain reported crimes that occurred: On-Campus; Off-Campus buildings/property owned or controlled by LWTech; and on Public property within/immediately adjacent to, and accessible from, the Kirkland and Redmond Campuses. The ASR also includes LWTech policies on: Campus Public Safety; Reporting a crime (including confidential reporting); Sexual assault and sex-offender registration; Timely warnings; Alcohol/substance abuse; Security awareness/crime prevention programs, and other matters.

LWTech’s Campus Public Safety Department prepares this report to comply with the Jeanne Clery disclosure of campus Security Policy and Crime Statistics Act. The report is prepared in partnership with local law enforcement agencies.

Each year an e-mail notification is made to all enrolled students and employees that provides the website to access this report. In addition, copies of the ASR is available at the Campus Public Safety Office, East Building, Room E-145, 11605 132nd Avenue NE, Kirkland, WA 98034, or by accessing the following website: http://www.lwtech.edu/security.
What is Clery?
As part of the federal Higher Education Act of 1965 [and codified at 20 USC 1092 (f)], the Jeanne Clery Disclosure of Campus Public Safety Policy and Campus Crime Statistics Act (now known as the Clery Act), requires colleges and universities to disclose certain timely and annual information about campus crime and security policies. Originally enacted by Congress and signed into law by President George Bush in 1990 as the Crime Awareness and Campus Public Safety Act of 1990, the Clery Act was the result of the efforts of Howard and Connie Clery to honor the death of their daughter, Jeanne, who was murdered at Lehigh University in 1986. In 1987, Howard and Connie Clery founded the non-profit Security On Campus, Inc., to promote legislation in regard to on-going campus public safety issues. In 1997, Amendments to the Act were renamed in memory of Jeanne Clery.

Disclosure of Crime Statistics
The Lake Washington Institute of Technology (LWTech) Office of Campus Public Safety prepares an Annual Security Report (ASR) to comply with the Jeanne Clery Disclosure of Campus Public Safety Policy and Crime Statistics Act and must be filed with the U.S. Department of Education in October of each year (October 1 this year). The full text of the ASR can be located on our web site at www.LWTech.edu/security (Click on “Security”). This report is prepared in cooperation with the local law enforcement agencies surrounding the main LWTech Kirkland and Redmond Campuses, the LWTech Offices of Administrative Services, Student Services, Judicial Affairs, and Campus Public Safety. Each entity provides updated information on their educational efforts and programs to comply with the Act; this information is compiled and listed in the ASR. Required campus crimes, arrest and referral statistics include those reported to LWTech Campus Public Safety, designated Campus Security Authorities (CSA) including, but not limited to directors, deans, department heads, designated HR staff, judicial affairs, advisors to students/student organizations, and local law enforcement agencies. These statistics may also include crimes that have occurred in private residences or businesses. LWTech Counseling Services inform their clients of the procedures to report crime to Campus Public Safety on a voluntary or confidential basis, should they feel it is in the best interest of their client. A procedure is in place to anonymously capture crime statistics disclosed confidentially during such a counseling session.

Availability of Annual Security Report (ASR)
All institutions of higher education must publish an Annual Security Report (ASR) by October 1 of each year containing the last three calendar years’ required campus crime statistics and certain security policy statements including the law enforcement authority of LWTech Campus Public Safety, where students should go to report a crime, and sexual assault policies that assure basic victims’ rights. A notice of the report’s availability will be sent to all current students and college/university employees; prospective students and employees will receive notice of the report’s availability and their right to request a hard copy of the report. The location and availability of the report will also be posted on the College web site at www.LWTech.edu/security Required crime statistics are filed with the U.S. Department of Education in October of each calendar year (October 17, this year) and each year a notice is sent to current (enrolled) students and current (employed) faculty and staff informing them of the web address where they can access the ASR. Copies of the ASR may be obtained at the Lake Washington Institute of Technology Office of Campus Public Safety located in the East Building, Room E-145; in the Office of the Registrar/Enrollment Services, West Building, Room W-201D; and, in the Human Resources Office, West Building, Room W-304-B. Prospective students and employees may obtain a copy of the ASR from the Registrar/Enrollment Services Office (425-739-8156) and/or the HR Office (425-739-8251). The web site address for the ASR will also be listed in LWTech Enrollment and Employment application packets and the College Class Schedule.
Clery Crime Statistics

All colleges and universities must disclose crime statistics for their campuses, student residential facilities (if applicable), public areas immediately adjacent to or accessible from the campus, and certain non-campus facilities including Greek housing (if applicable), and remote classrooms. The statistics must be obtained from Campus Public Safety or Police, Campus Public Safety Authorities (CSA’s, those campus officials who have significant responsibility for students and campus activities), and local law enforcement. Professional mental health and religious counselors are exempt from crime statistic reporting, but may refer clients to the campus confidential reporting system; the institution must indicate if a confidential reporting system exists or not.

Clery Crime categories include:

- Murder/non-negligent manslaughter
- Negligent manslaughter
- Sex offenses
  - Forcible sex offenses
  - Non-forcible sex offenses
- Robbery
- Aggravated assault
- Burglary
- Motor vehicle theft
- Arson
- Liquor law violations* (arrest or campus judicial referral)
- Drug law violations* (arrest or campus judicial referral)
- Illegal weapons violations* (arrest or campus judicial referral)

*If both an arrest and referral are made for liquor, drug, or weapons law violations, only the arrest is counted.

Crime statistics are categorized geographically as: “On-campus,” “Student residential facilities, on-campus,” “Non-campus buildings,” and/or “Public property;” these areas are identified on campus maps. The Annual Security Report (ASR) must indicate if any of the above reported crimes or incidents involved bodily injury and are thus reported as “hate crimes.” Additionally, the crimes of larceny, vandalism, intimidation, and simple assault must be listed as hate (bias) crimes if the facts of the case indicate the offender was motivated to commit the offense because of his/her bias against the victim’s race, gender, religion, sexual orientation, ethnicity/national origin, and/or disability.

Hierarchy Rule

When incidents are examined to determine if they should be included in the annual report, a portion of the Clery Act called the Hierarchy Rule comes into effect. Occasionally, a person who is arrested may have committed more than a single offense. The Hierarchy Rule requires in this situation that we count the offense which is of the most serious nature and to count an offense of lesser significance. For example, if a person committed a burglary and a murder in the course of a single act then only the murder would be counted for the purposes of this report. An exception to this rule exists for hate crimes. If a person commits any reportable offense and while doing this, also commits a hate crime, then both incidents will be reported.

Excluded Crimes

In some cases, an incident that is reported as a crime may not be included in the annual report. Each of the following five standards must be met for an incident to be included in the annual report:
➢ **Reported to the Proper Authorities** – Incidents must be reported to law enforcement or a person who, according to the Clery Act, is defined as a Campus Security Authority (CSA). A person designated as a CSA does not only mean a person employed by the Campus Public Safety department. The term is applied to any person who works for the college in a paid or volunteer status and has significant responsibility for student activities. If you are someone whom a student reasonably believes that he or she can report a crime to and expect that the matter will be addressed directly through that individual's intervention or that the individual will contact law enforcement for a response, then the individual is deemed a Campus Security Authority.

➢ **Listed Crimes** – The crime must be one of those listed in the Clery Act as a reportable crime.

➢ **Reportable Area** – The crime must have occurred in one of the reportable area. Every reportable crime occurring within the boundaries of campus is in the reportable area. Perimeter streets are described in the following way: “sidewalk –Street-Sidewalk.” This means that a reportable crime occurring on the sidewalk on either side of a perimeter street is reportable, as are incidents occurring in the street. But, an incident occurring in a building (a privately owned store) on the distant side of a perimeter street would not be included. Unfortunately, most law enforcement agencies do not distinguish where a crime occurs with this degree of detail. Crimes are usually located by street and house numbers. With regard to Non-Campus Buildings, crimes occurring in those buildings or on the property of that location are reportable. Incidents occurring on the sidewalk or on streets in front of that building would not be included.

➢ **Made in Good Faith** – For an incident to be included there must be a determination that the report is made in good faith. Supporting evidence makes this determination easy, but such evidence is not always available. In such a case, the credibility of the person making the report is considered. When the incident is reported to LWTech through a law enforcement agency, the college assumes that this determination has already been made.

➢ **Unfounded** – If law enforcement determines that a particular reported incident could not have occurred or did not occur (i.e. false report), the crime is not included in the annual report. Only law enforcement can rule a case “unfounded.”

2. Any building or property that is within or reasonably contiguous to the area identified in the above paragraph, that is owned by the institution, but controlled by another person, is frequently used by students and supports institutional purposes (such as a food or retail vendor).
Non-Campus Buildings or Property

1. Any building or property owned or controlled by a student organization that is officially recognized by the institution; or

Campus Access Policy and Security of Campus Facilities

The LWTech campus does not have on campus student housing.

During normal business hours Lake Washington Institute of Technology will be open to faculty, staff, students, parents, contractors, guests and invitees. During non-business hours LWTech facilities are locked; access is restricted to authorized students and employees through Campus Public Safety or other on-duty College staff. During an extended closure, only authorized personnel will be granted access to Campus property and facilities. Campus Public Safety officers carry keys to all LWTech Buildings and are available during business hours to access buildings and rooms for authorized entry. Remember: Service calls such as this are prioritized; criminal or medical emergency calls have a higher priority than do building and/or room access calls.

Campus facilities may have different hours of accessibility; in such cases, these areas will be secured and accessed by appropriate persons in accordance with operating schedules as developed by the Department responsible for that facility.

Emergencies may necessitate changes and/or alterations from normal business hour access times; security assessments of campus facilities will be conducted, as needed. Administrators from Student Services, College Services, Facilities, and Campus Public Safety will periodically review results of landscaping, lock, alarm, lighting, and communication assessments to determine appropriateness of access schedules and alter schedules, as needed.

Security Considerations

LWTech is committed to Campus safety, be it physical plant (buildings) or other College property (grounds, equipment, furniture, Motor Pool, etc.). LWTech Custodial Services, Maintenance, and Campus Public Safety personnel conduct routine Campus safety surveys; deficiencies are corrected by LWTech Facilities staff. All community members are encouraged to report safety hazards, such as slip/trips/falls, broken locks on doors/windows to Facilities and Campus Public Safety. Work orders are initiated and repairs are made in a timely manner. In addition, Campus Public Safety partners with local law enforcement to identify overgrown shrubs and other obstacles that could be a safety concern.

How to Report a Crime or Emergency

Faculty, staff, students, and guests are encouraged to report all crimes and public safety-related incidents on the LWTech campuses immediately. To report a crime or other emergency on the Kirkland Campus of Lake Washington Institute of Technology, call 911 (on campus 9-911), then, the Lake Washington Institute of Technology Campus Public Safety at: 425-739-8224.

LWTech Incident Reports are forwarded to the Vice President of Student Services for review in regard to possible student conduct code violations. LWTech Campus Public Safety will investigate Incident Reports when appropriate; additional information obtained in such investigations will also be forwarded to the VP of Student Services.

If assistance is required of local Police agencies, Campus Public Safety will make that contact. If a sexual assault or rape should occur, staff on scene, including Campus Public Safety and local Police, will offer a wide variety of services to assist the victim including privacy, medical response, mental health counseling, and contact of significant others, should the victim so require. Crimes should be reported to Campus Public Safety to ensure the victim of appropriate services, to ensure inclusion in the annual crime statistics report, and to aid in providing timely warning notices to the community, when appropriate.

All crimes should be reported immediately. Please report any suspicious activity or person you see loitering in any campus building, common area, or parking lot. In addition, reports may be made to any LWTech Official at 425-739-8100.

Security Crime Log Information

The Daily Crime Log is a public record of all crimes reported to Campus Public Safety. Institutions that maintain a Campus Police or Campus Public Safety Department are required to disclose, in the Daily Log, any crime that occurred on campus... or within the patrol jurisdiction of the campus police or security department and is reported to the campus police or campus public safety department. The Daily Crime Log lists the date and type of crime, and the location and disposition of the crime, when known. Unlike the Timely Warning, restricted to listed Clery Crimes, the Daily Log includes all crimes reported to Security; State definitions may be used to define these crimes. Reports must be logged into the Daily Crime Log within two business days; however, certain listed information may be withheld to protect victim confidentiality, ensure the integrity of ongoing investigations, or to keep a suspect from fleeing. Only the most limited information necessary may be withheld; even then it must be released, “once the adverse effect... is no longer likely to occur.”
The Daily Crime Log must be available during normal business hours to employees and students as well as the general public (parents, local press, etc.). The Daily Crime Log will remain open for 60 days; subsequent to that, the Log must be available within two business days of a request for Log information.

Crime Prevention Tips:

➢ If you see something suspicious, or observe a criminal or medical emergency, CALL 911 (on campus 9-911), then LWTech Campus Public Safety at extension 8224 or dial 425-739-8224. Post these numbers where you can readily find them to use in the event of an emergency.

➢ ALWAYS lock offices and/or classrooms when leaving the room, even for a few minutes. Never leave personal property in plain view. How long does it take for a thief to remove your property? Seconds. In just a short few seconds your day is ruined, you have become a victim. Take your wallet or purse with you when leaving the room, or secure them in a cabinet or desk. Identity theft is America’s fastest growing crime. It takes only a moment for a thief to ruin your credit by stealing a wallet or purse containing your driver’s license, debit/credit card(s), check-book, Passport, Social Security Card, etc.; it takes considerably more time to return your life to financial viability.

If you should suffer such a loss, call the appropriate government departments (Licensing, Social Security, etc.) and financial institutions, THEN: Call Kirkland Police at 911 (on campus 9-911) and Campus Public Safety at #8224. With thousands of dollars of equipment in most offices and classrooms, it is imperative to lock these rooms when leaving, even for a brief moment. Record personal property information (make, model, serial number) with Campus Public Safety. Report all thefts of personal and or College property, including home, auto, office, or classroom keys, to Kirkland Police at 911 (on campus, 9-911) and LWTech Campus Public Safety (#8224) immediately.

➢ DON’T leave your vehicle unlocked. Store valuables left in your vehicle in the glove box or trunk; keep your valuables out of sight. Valuables left in plain view are an open invitation for a thief to break out your window and relieve you of your property. Thefts such as these are crimes of opportunity; be smarter than the thieves, keep things out of sight and deny them the opportunity to steal from you and make you their victim. Report suspicious persons lurking about and/or thefts to Kirkland Police at 911 (on campus 9-911) and Campus Public Safety (#8224) immediately.

➢ WHEN walking at night, try to stay on well-lit walkways, and always, always walk with others. Remember, there’s safety in numbers. Call Campus Public Safety at 425-739-8224 for a Personal Safety Escort if you have no one else to walk with. Report suspicious persons to Kirkland Police at 911 (on campus 9-911) and Campus Public Safety (#8224) promptly.

➢ OBSERVE all Washington State traffic laws when on campus. Come to a complete stop at all Stop signs. No speeding or otherwise driving too fast for conditions. Observe all right – of – way rules at intersections, and always use your turn signals. Be cognizant of pedestrians at all times and REMEMBER: Pedestrians have the right of way! PLEASE DRIVE SAFELY!

Campus Safety & Security Operations

The LWTech Office of Campus Public Safety is the campus law enforcement division of the College and reports directly to the Vice President of Administrative Services. Campus Public Safety works closely and directly with all Departments of the College to ensure uniform application and clear understanding of LWTech campus public safety policies and procedures to all faculty, staff, and students. Campus Public Safety personnel are on duty from 6:00 am to 10:30 pm Monday through Friday, 7:00 am to 7:00 pm on Saturday, and closed on Sunday’s.
Under the direction of the Campus Public Safety Director, full time College staff and contracted Security and Police Officers uphold applicable local, state, and federal laws and Lake Washington Institute of Technology policies and procedures. LWTech Campus Public Safety services include Haz-Mat management, criminal response and investigations, medical emergency response, fire emergency response, personal safety escorts, motor vehicle accident investigations and traffic control, parking enforcement, and College policies including alcohol and drug use and abuse and weapons violations.

It is our express goal to make Lake Washington Institute of Technology a safe place in which to work and learn. Welcome!

**Campus Law Enforcement Authority**

Limited campus law enforcement authority is granted to LWTech Campus Public Safety by the Board of Trustees of the Lake Washington Institute of Technology and the Washington Administrative Codes. As such, Campus Public Safety Officers have the authority to ask persons for identification and to determine whether individuals have lawful business at Lake Washington Institute of Technology.

Under WAC 495D-116-170, Campus Public Safety Officers have the authority to issue Campus traffic and parking citations which are billed to financial accounts of students, faculty, and staff, or to the private residences of those persons not affiliated with the school. Campus Public Safety Officers do not have arrest powers; all criminal incidents are referred to local Police (Kirkland Police Department, Redmond Police Department, and the King County Sheriff’s Department) who have jurisdiction on or adjacent to the Kirkland and Redmond Campuses, respectively. The College does not have a written Memorandum of Understanding (MOU’s) with Redmond, or the King County Sheriff’s Office, however, does have a MOU with the Kirkland Police Department. The purpose of the MOU is to meet the statutory requirements for institutions of higher education established by the Washington State legislature. It is further the purpose of the MOU is to promote collaboration between the college and KPD to enhance the reporting, investigation, and appropriate response to sexual assault and other covered crimes. Crime victims and witnesses are strongly encouraged to immediately report criminal activity to the appropriate Police Departments and LWTech Campus Public Safety. Prompt reporting will assure timely warning notices of Campus crime and assist in full disclosure of crime statistics.

Law enforcement arrests and incidents involving LWTech students and employees are forwarded to the Vice President of Student Services so the best interests of the community can be served. On-going training is afforded Campus Public Safety as well as contracted Officers. LWTech Campus Public Safety considers personal and property safety a priority; incident reports and safety concerns are reviewed and acted on accordingly. Criminal incident reports generated by Campus Public Safety will be referred to Kirkland Police Department for criminal law considerations. Serial numbers of stolen property are recorded by Campus Public Safety and passed through local law enforcement to the National Crime Information Center (NCIC).

Students and employees are required to comply with directives of Campus Public Safety and Police Officers and any other College Officials; students are required to present valid ID when requested. Campus Public Safety enforces College policy, rules, and regulations as well as local, state, and federal laws, and reports criminal violations to local authorities. To report criminal or medical emergencies, call 911 (on campus 9-911); for other important campus incidents, call LWTech Campus Public Safety at 425-739-8224. Try to remain calm when calling in an emergency; when asked, calmly state your name, the nature of your emergency (criminal or medical), and the location of the emergency when prompted by 911 Operators.
Working Relationship with other agencies

LWTech maintains relationships with local, county, and state law enforcement agencies. These agencies include police, fire and emergency management offices. Whenever possible, the LWTech campus will partner with local law enforcement for trainings. Campus Public Safety also attends seminars when available to develop and maintain relationships and cooperation with FBI and Homeland Security. When the opportunities present themselves, LWTech hosts training areas for local police and fire agencies on campus, or in buildings. For example, the Regional SWAT and Tactical team will train inside clearing buildings, and the Fire Department will occasionally use the parking lots to practice their driving skills and tour the buildings to remain familiar with the geography of the campus. The local police have included a tour of the LWTech campus in their training plan for new officers fresh out of the academy.

Counseling

LWTech is no longer able to offer short-term on-campus counseling. However, personal counseling is a chance to talk confidentially with an objective person who can help you learn new skills and look at situations in different ways. This can help you become more capable of solving new problems on your own in the future. Some students benefit from one or two sessions of problem-solving, while others may require more. Although counselors may differ in their approach to counseling, they all have one goal in common: to help you resolve your concerns. If you are experiencing a health related emergency, please call 9-1-1, Campus Public Safety at (425) 739-8224, or the 24-hour crisis line at (866) 427-4747.
Safety Awareness and Crime Prevention
During orientation for each quarter, LWTech Campus Public Safety offers video and oral presentations on personal safety/personal property protection, Run/Hide/Fight, and general safety. Through informational Campus Public Safety seminars faculty, staff, and students are given information on personal safety and theft prevention, Floor Supervisor and fire drill/evacuation training, the state of Campus Public Safety, the Annual Security Report, and the safety of the surrounding community. Campus Public Safety disseminates important and emergency information to the Campus through flyers, posters, pamphlets, Campus e-mail, Campus Public Address, Alertus Mass Notification system, and the Campus News videoconference sites located throughout Campus. Faculty, staff, and students are encouraged to be aware of their responsibility for their own security and the security of others, in conjunction with Campus Public Safety. As part of the Security Department’s personal safety program, faculty and students are urged to walk to their cars at night in groups, or request a Campus Public Safety Department Personal Safety Escort at any time of the day or night, anywhere on Campus.

Voluntary Confidential Crime Reporting
Even if a victim of crime does not want to pursue action within the College judicial system or the local or state criminal justice system, the victim may still want to consider making a confidential report. With the victim’s permission, the Director, Campus Public Safety, or other LWTech designee can file a report on the details of the incident without revealing the victim’s identity.

The purpose of a confidential report is to comply with the victim’s wish to keep the matter confidential, while taking steps to ensure the future safety of that victim, and others. Which such information, LWTech can keep accurate records of the number of incidents involving faculty, staff, students, and guests, and determine if there is a pattern of crime with regard to a particular location, day of the week, time of day/night, the assailant’s method(s) of crime, and then alert the campus community to potential danger. Confidential reports are counted and disclosed in the annual crime statistics for the College (without victim identification).

Limited Voluntary Confidential Reporting
Lake Washington Institute of Technology Campus Public Safety urges anyone who is the victim or witness of any crime to promptly report the incident to Campus Public Safety or local Police. Because Police reports are public records under state law, Campus Public Safety cannot hold reports of crime in confidence. Confidential reports for purposes of inclusion in the annual disclosure of crime statistics can generally be made to other Campus Public Safety Authorities.

Timely Warnings
Timely Warnings are initiated by Campus Public Safety or the office of the President when a crime constitutes an ongoing threat to students and employees; it may be activated by the Campus PA system, E-mails, Text messages, Alertus Mass Notification system, campus runners (word of mouth) and information flyers. Timely Warning reports may be made by Campus Public Safety, other College Officials, and/or local Police agencies; Timely Warnings only cover listed Clery crimes. Contact LWTech Campus Public Safety with all criminal or other emergency information at 425-739-8224, or stop at the Campus Safety Office, East Building, Room E-145.
What circumstances require issuing a timely warning?

Timely warnings are issued on a case-by-case basis for Clery Act crimes or other serious incidents reported to campus security authorities or local police agencies and pose “serious and ongoing threats” to students and employees on campus or in the immediate campus community. In deciding whether to issue a timely warning, the College considers all of the facts surrounding the incident such as the nature of the crime, the continuing danger to the campus community and the possible risk of compromising law enforcement efforts. Incidents that may result in issuing a timely warning include the following Clery Act crimes:

- Murder
- Criminal Homicide
- Negligent Manslaughter
- Forcible sex offenses
- Non-forcible sex offenses
- Robbery
- Aggravated assault
- Burglary
- Motor vehicle theft
- Arson

When will a timely warning notification be issued?

The College will issue a timely warning as soon as it determines there is a serious and ongoing threat to students or employees on campus and / or in the immediate campus community. The determination will be made based on the information Campus Security or the Kirkland Department has available at the time.

How will this information help me?

Timely warnings are designed to empower the campus community members by being alert and aware when there are instances of Clery Act crimes on or nearby the campus. Timely warning notifications will help keep you informed of incidents that effect LWTech and include safety tips to help decrease chances of victimization.

How can I report a Clery Act crime or other crime on campus?

Report all instances of Clery Act crimes to Campus Public Security at 425-739-8224. If you are witnessing a crime in progress, call 911 and then Campus Public Safety. Be prepared to provide your location, a description of what is occurring, suspect and victim information (age, race, height, weight, and clothing), and vehicle information (make, model, color, year, license plate, or physical identifiers).

How can I stay aware of crimes occurring around LWTech or in my community?

Kirkland Police utilize crime reports, which utilizes crime mapping to display reported crimes in the City of Kirkland. CrimeMapping.com is a web based program which was developed to help law enforcement agencies provide the community with information about recent crime activity in their neighborhood. Through the use of this program, Kirkland specific crime data is extracted from the Police Department’s records system, allowing citizens to view up to 180 days of crime data by various search parameters, to include a date range, crime type, or distance from a specific address.
Emergency Response & Evacuation Procedures

LWTech’s All Hazards Emergency Response Plan includes information about how LWTech employees and students should respond to emergencies on campus. In addition, emergency evacuation brochures are available at the Campus Public Safety office and during onboarding.

When a serious incident occurs that cause an immediate threat to the campus, the first responders to the scene are usually Campus Public Safety officers, Facilities, and custodial staff, and they typically respond and work as a team to manage the incident. Depending on the nature of the incident, other local agencies could also possibly be involved in responding to the incident.

Emergency notifications will be made, via Omnิlert/Alertus Mass Notification, Media Boards, and Public Announcement (PA). LWTech may also use other means of notification described above to notify the campus community. Campus Public Safety conducts an emergency communications systems test at least quarterly. The test includes activation of the Omnิlert/Alertus Mass Notification and media boards. In addition, a nightly test is performed of the Public Address (PA) system to inform staff/students the college is closing.

In the event the campus community needs to be evacuated, staff, students, community members will be directed where to evacuate, by using one or all of the emergency notification systems above.

In the event of a building evacuation, all occupants should assemble at the nearest safe assembly area location below. All occupants should familiarize themselves with the Evacuation Assembly Areas 1-7 below. In addition, Floor Supervisors will help occupants evacuate to the buildings.

Lockdown Procedures

A targeted violence incident can happen on Campus, or in the nearby, off campus community. Depending on the situation, the LWTech response may vary.

- If a Targeted Violence incident occurs on-campus, on the advice of Law Enforcement Officials, LWTech will lock-down exterior doors. Law Enforcement Officials have been provided with master keys, card access, and maps to the LWTech to quickly gain entry into the buildings.
- If a Targeted Violence incident occurs in the adjacent community off campus, local Law Enforcement will likely advise LWTech of the situation. Should this happen, our response will deviate from that of an on-campus targeted violence situation. LWTech will initiate exterior Lockdown Procedures:

- Sit or lay against a wall out of the line of sight of doors and windows.
- Silence cell phone ringers; quietly call 911. If you cannot talk, leave the cellphone line open.
- Quietly await further instructions.
- REMAIN IN LOCKDOWN until released by LWTech or Police Officials, regardless of the type of weapon used.

- Lock and close classroom doors and windows, blinds and curtains.
- Silence cell phone ringers.
- Quietly await further instructions.
- REMAIN IN LOCKDOWN until released by LWTech Officials.
Testing and Exercises
Each year, LWTech conducts at least one earthquake, evacuation, and or lockdown drill. The purpose of the drills is to prepare staff, students, and community members for an organized earthquake, evacuation, or lockdown drill. The drills are used as a way to train occupants on issues related to the aforementioned situations. The tests are facilitated by the Campus Public Safety department with coordination from the Facilities department. After-action items are provided to the Vice President, Administrative Services. Also, information is shared with the college community, via Security Updates.

Record Keeping
After each drill, a report is generated and information regarding the drill is disclosed to campus employees identifying positive feedback, as well as areas for improvement. The Director of Campus Public Safety maintains these records and the drills are logged on Rapid Responder.

Alcohol and Substance Abuse
Students, faculty, staff and administration support the board policy and the law in having a drug and alcohol-free campus. Drugs and alcohol are not permitted anywhere on campus, including parking lots and cars. Violation of this rule may result in immediate termination or suspension. Anyone consuming, distributing, possessing or under the influence of controlled or illicit substances on the campus is subject to suspension, probation, termination, arrest, and prosecution. Any involvement with drugs may also terminate eligibility for financial aid programs. Drug and alcohol prevention and assistance is available to students through Student development & Retention, W207. There are also several community help line numbers: 24 crises clinic – (206) 461-3222, DCHS Mental Health, Chemical Abuse and Dependency Services – (206) 263-9000, Teen Link – (206) 461-4922, Drug and Alcohol hotline – 206 722-3700.

Lake Washington Institute of Technology provides a safe, supported, and engaging learning community where dedicated faculty and staff members have committed to student learning and success. As such, campus events for students were alcohol free and alcohol was prohibited at student events on or off campus. Cannabis or other illegal drugs were not permitted on campus or at any College sponsored activities regardless of location.

In the event students needed advice or referrals, the Student Services Department provided mental health information and self-care/wellness education on the college’s website.

- [https://www.lwtech.edu/campus-life/counseling/](https://www.lwtech.edu/campus-life/counseling/)
- [https://www.lwtech.edu/campus-life/wellness-resources/](https://www.lwtech.edu/campus-life/wellness-resources/)

In the event employees needed advice or referrals, Human Resources or individual supervisors were directed to the Employee Assistance Program provided at no cost to help Washington State Government employees and their family members resolve personal or work-related problems.

The Biennial Review Report is available on our website and updated bi-annually in the summer (odd years):

- [https://www.lwtech.edu/about/campus-safety/crime-statistics/](https://www.lwtech.edu/about/campus-safety/crime-statistics/)
- [https://www.lwtech.edu/campus-life/wellness-resources/alcohol-awareness/](https://www.lwtech.edu/campus-life/wellness-resources/alcohol-awareness/)
Generally, the possession, sale, and/or use of alcohol is strictly prohibited on the LWTech Campus; however, an exemption to this is granted for the College Winemaking Program, the Chef City Grill, and other authorized functions. The possession, sale, use, or distribution of illegal drugs is specifically prohibited on Campus through the LWTech Student Conduct Code WAC 495D-121-160 (13).

Appropriate provisions regulate the possession, use and sale of alcoholic beverages in Federal/State laws, Chapter 495D of the Washington Administrative Code and campus policies. Illegal drug possession, use or sale is prohibited in accordance with federal and state laws, including Chapter 495D of the Washington Administrative Code.

Kirkland Police Department officers have the authority to enforce laws concerning the possession, sale, or use of alcoholic beverages or illegal drugs through criminal arrest or civil citation. The Lake Washington Institute of Technology Student Conduct Code may also apply to infractions of these laws.

Employee Assistance Program

The Employee Assistance Program (EAP) helps Washington State government employees and their family members resolve personal and work-related problems. Using the EAP does not cost the employee anything. Employee visits to the Employee Assistance Program are confidential (with exceptions for certain state and federal laws regarding abuse of a minor child, elderly person, disabled person, threats to self or others). Also, according to RCW 41.04.730 if the supervisor or HR directly refers the employee to EAP prior to their initial EAP contact regarding work performance issues, then EAP is required to let the supervisor know:

- Whether or not the referred employee made an appointment
- The date/time the employee arrived and departed
- Whether further appointments were scheduled

The College recognizes that employee participation or non-participation in the EAP is voluntary and cannot be used in any decision affecting an employee’s job security, promotional opportunities, corrective or disciplinary action, or other employment rights.

Missing Student

This policy contains the official notification procedures of Lake Washington Institute of Technology for missing students. The purpose of this policy is to promote the safety and welfare of the LWTech community and assist in locating members of the LWTech community who, to the best of our knowledge, are missing. If a member of the LWTech community believes a student is missing, he or she should immediately notify Campus Public Safety at 425-739-8224 (East Building, Room E-145).

Once the determination is made by Campus Public Safety, a Missing Person Report (MPR) will be generated and LWTech will initiate an investigation and attempt to locate the missing person. If the missing person is under the age of 18 and not emancipated, LWTech will notify the custodial parent or guardian no later than 24 hours after that determination is made. Students have the option of identifying a confidential emergency contact person in place of their parents and registering that name with Campus Public Safety.

After having gone missing for 24 hours, Campus Public Safety will notify the Kirkland Police Department (KPD) and the student’s emergency contact.
The LWTech Missing Person Procedure is as follows:

1. Report missing persons directly to Campus Public Safety; however, if another College student or employee takes the report, that person will immediately notify Campus Public Safety. Once a report is received, Campus Public Safety will obtain the missing person’s photo ID, class schedule, and attempt to locate via a search of the missing person’s vehicle (if on campus), checking into appropriate classes, and contacts with instructors, classmates, and other known friends.

2. No later than 24 hours after the person is determined to be missing, contact will be made with the missing person’s parents or emergency contact. Local Law enforcement will be notified.

3. If Campus Public Safety, at any time after receiving the missing person report, finds indications of foul play, KPD will be notified immediately. Report missing persons to LWTech Campus Public Safety at East Building, Room E-145; call #8224 or 425-739-8224, or e-mail us at security@LWTech.edu.

Sexual Assault Prevention & Response

If you are a victim of sexual assault at Lake Washington Institute of Technology, your first priority is to get to a place of safety; you should then obtain necessary medical treatment. Campus Public Safety strongly advocates that a victim of sexual assault reports the incident in a prompt manner; time is a critical factor for evidence collection and preservation. A sexual assault should be directly reported to Campus Public Safety or another Campus Public Safety Authority (CSA). Filing a Police report through Campus Public Safety will not obligate the victim to prosecute, nor will it subject the victim to scrutiny or judgmental opinions from Officers. Filing a Police Report will:

- Ensure the victim of sexual assault receives the necessary medical treatment and tests at no expense to the victim
- Provide the opportunity for collection of evidence helpful in prosecution, which cannot be obtained later (ideally, a victim of sexual assault should not wash, douche, use the toilet, or change clothing prior to a medical/legal exam)
- Ensure the victim has access to free confidential counseling from counselors specifically trained in the area of sexual assault crisis intervention

When a sexual assault victim contacts Campus Public Safety, local Police will be notified. The victim may choose to have the investigation pursued through the criminal justice system and the campus judicial system, or limit the investigation to one of them only. Campus Public Safety, or other specially trained college authority, will guide the victim through available options, and support the victim in their decisions. Various counseling options are available through LWTech Counseling Services and the Employee Assistance Program (EAP); other support services are available through the local Rape Crisis Center and local support groups.

The College judicial system allows the victim, and the accused, each to be allowed to choose a person who has no formal legal training to accompany them throughout a judicial conduct hearing. Both the victim and the accused will be informed of the outcome of the hearing. A student found guilty of violating the College Sexual Misconduct policy may be suspended or expelled from the College. The College will work with student victims to change their academic calendar after an alleged sexual assault, if such changes are reasonably available.

Title IX Sexual Harassment and Discrimination Policy and Grievance Procedures

Lake Washington Institute of Technology (LWTech) recognizes its responsibility for investigation, resolution, implementation of corrective measures, and monitoring of the educational environment and workplace to stop, remediate, and prevent all manners of discrimination.
To this end, LWTech has enacted a Title IX Policy and Discrimination and Harassment Complaint Procedure statement prohibiting discrimination or harassment against any employee, student, applicant or visitor, and including legally defined members of a protected class. Any individual found to be in violation of this policy will be subject to disciplinary action up to and including dismissal from the College or from employment.

Any employee, student, applicant, or visitor who believes that he, she or they have been the subject of discrimination or harassment should report the incident or incidents to the College’s Title IX / EEO Coordinator identified below. If the complaint is against that Coordinator, the complainant should report the matter to the President’s office for referral to an alternate designee.

➢ Meena Park, Executive Director, Human Resources, 425.739.8251
  Title IX/EEO Coordinator/Affirmative Action Officer/Ethics Officer
➢ Ruby Hayden, Vice President, Student Services, 425.739.8208
  Deputy Title IX Coordinator
  Lake Washington Institute of Technology
  11605 132nd Avenue NE
  Kirkland, WA  98034

The Title IX/EEO Coordinator or designee:

- Will accept all complaints and referrals from College or District employees, applicants, students, and visitors.
- Will make determinations regarding how to handle requests by complainants for confidentiality.
- Will keep accurate records of all complaints and referrals for the required time period.
- May conduct investigations or delegate and oversee investigations conducted by a designee.
- May impose interim remedial measures to protect parties during investigations of discrimination or harassment.
- Will issue written findings and recommendations upon completion of an investigation.
- May recommend specific corrective measures to stop, remediate, and prevent the recurrence of inappropriate conduct.

The College encourages the timely reporting of any incidents of discrimination or harassment. Long delays may be considered detrimental to the accuracy of the complaint. Complaints may be submitted in writing or orally. For complainants who wish to submit a written complaint, a formal complaint form is available online at:

LWTech.edu/EO

Hardcopies of the complaint form are available at the following locations on campus at Lake Washington Institute of Technology, 11605 132nd Ave. NE, Kirkland, WA  98034:

- Human Resources Office
- Campus Public Safety
- Student Services Administrator

Harassment occurs when the conduct is sufficiently severe and/or pervasive and so objectively offensive that it has the effect of altering the terms or conditions of employment or substantially limiting the ability of a student to participate in or benefit from the College’s educational and/or social programs. Petty slights, annoyances, offensive utterances, and isolated incidents (unless extremely serious) typically do not qualify as harassment. Examples of conduct that could rise to the level of discriminatory harassment include but are not limited to the following:

- Epithets, "jokes," ridicule, mockery or other offensive or derogatory conduct focused upon an individual's membership in a protected class.
- Verbal or physical threats of violence or physical contact directed towards an individual based upon their membership in a protected class.
- Making, posting, emailing, texting, or otherwise circulating demeaning or offensive pictures, cartoons, graffiti, notes or other materials that relate to race, ethnic origin, gender or any other protected class.

Protected Class: Persons who are protected under state or federal civil rights laws, including laws that prohibit discrimination on the basis of race, color, national origin, age, perceived or actual physical or mental disability, pregnancy, genetic information, sex, sexual orientation, gender identity, marital status, creed, religion, honorably discharged veteran or military status, or use of a trained guide dog or service animal.

Resolution: The means by which the complaint is finally addressed. This may be accomplished through informal or formal processes, including counseling, mediation, or the formal imposition of discipline sanction.

Respondent: Person or persons who are members of the campus community who allegedly discriminated against or harassed another person or persons.
**Sexual Assault:** Includes any form of actual or attempted sexual activity perpetrated upon a person without that person’s consent, including sexual behavior coerced through physical or verbal threats, force or other forms of manipulation and sexual behavior when one person cannot give consent due to incapacitation.

**Sexual Harassment:** A form of discrimination consisting of unwelcome, gender-based verbal, written, electronic and/or physical conduct. Sexual harassment does not have to be of a sexual nature, however, and can include offensive remarks about a person’s gender. There are two types of sexual harassment.

- **Hostile Environment Sexual Harassment** occurs when the conduct is sufficiently severe and/or pervasive and so objectively offensive that it has the effect of altering the terms or conditions of employment or substantially limiting the ability of a student to participate in or benefit from the College’s educational and/or social programs. This would include a student or subordinate who offers sexual favors in exchange for preferential consideration.

- **Quid Pro Quo Sexual Harassment** occurs when an individual in a position of real or perceived authority, conditions the receipt of a benefit upon granting of sexual favors.

Examples of conduct that may qualify as sexual harassment include:

- Persistent comments or questions of a sexual nature.
- A supervisor who gives an employee a raise in exchange for submitting to sexual advances.
- An instructor who promises a student a better grade in exchange for sexual favors.
- Sexually explicit statements, questions, jokes, or anecdotes.
- Unwelcome touching, patting, hugging, kissing, or brushing against an individual's body.
- Remarks of a sexual nature about an individual's clothing, body, or speculations about previous sexual experiences.
- Persistent, unwanted attempts to change a professional relationship to an amorous relationship.
- Direct or indirect propositions for sexual activity.
- Unwelcome letters, emails, texts, telephone calls, receipt of unwanted verbal, written, or electronic communication, or other communications referring to or depicting sexual activities.

**Sexual Violence** is a type of sexual discrimination and harassment. Nonconsensual sexual intercourse, nonconsensual sexual contact, domestic violence, dating violence, and stalking are all types of sexual violence.

**Nonconsensual Sexual Intercourse** is any sexual intercourse (anal, oral, or vaginal), however slight, with any object, by a person upon another person, that is without consent and/or by force. Sexual intercourse includes anal or vaginal penetration by a penis, tongue, finger, or object, or oral copulation by mouth to genital contact or genital to mouth contact.

**Nonconsensual Sexual Contact** is any intentional sexual touching, however slight, with any object, by a person upon another person that is without consent and/or by force. Sexual touching includes any bodily contact with the breasts, groin, mouth, or other bodily orifice of another individual, or any other bodily contact in a sexual manner.

**Domestic Violence** includes asserted violent misdemeanor and felony offenses committed by the victim's current or former spouse, current or former cohabitant, person similarly situated under domestic or family violence law, or anyone else protected under domestic or family violence law.
Dating violence means violence by a person who has been in a romantic or intimate relationship with the victim. Whether there was such relationship will be gauged by its length, type, and frequency of interaction.

Stalking means intentional and repeated harassment or following of another person, or repeatedly emailing, texting, calling or use of other “cyber” venues to be “present” in another person’s life which places that person in reasonable fear that the perpetrator intends to injure, intimidate, or harass that person. Confidentiality and Right to Privacy
LWTech will seek to protect the privacy of the complainant, respondent, and all other parties involved, to the full extent possible, consistent with the legal obligation to investigate, take appropriate remedial and/or disciplinary action, and comply with the federal and state law, as well as District policies and procedures. Although LWTech will attempt to honor complainants’ requests for confidentiality, it cannot guarantee complete confidentiality.

Confidentiality Requests and Sexual Violence Complaints
The Title IX/EEO Coordinator will inform and obtain consent from the complainant before commencing an investigation into a sexual violence complaint. If a sexual violence complainant asks that their name not be revealed to the respondent or that the college not investigate the allegation, the Title IX/EEO Coordinator will inform the complainant that maintaining confidentiality may limit the college’s ability to fully respond to the allegations and that retaliation by the respondent and/or others is prohibited. If the complainant still insists that – their name not be disclosed or that the college not investigate, the Title IX/EEO Coordinator will determine whether the college can honor the request and at the same time maintain a safe and non-discriminatory environment for all members of the district’s community, including the complainant. Factors to be weighed during this determination may include, but are not limited to:

- The seriousness of the alleged sexual violence
- The age of the complainant
- Whether the sexual violence was perpetrated with a weapon
- Whether the respondent has a history of committing acts of sexual violence or has been the subject of other sexual violence complaints
- Whether the responded threatened to commit additional acts of sexual violence against the complainant or others and
- Whether relevant evidence can be obtained through other means (e.g., security cameras, other witnesses, physical evidence)

If the college is unable to honor a complainant’s request for confidentiality, the Title IX/EEO Coordinator will notify the complainant of the decision with 10 days and ensure that the complainant’s identity is disclosed only to the extent reasonably necessary to effectively conduct and complete the investigation.

If the college decides not to conduct an investigation or take disciplinary action because of a request for confidentiality, the Title IX/EEOC Coordinator will evaluate whether other measures are available to limit the effect of the harassment and present it recurrence and implement such measures if reasonably feasible.

Lake Washington Institute of Technology Policies and Procedures

2.P.17 Sexual Harassment

Sexual harassment is a violation of federal and state law and has the capacity to tarnish the academic and work environment of an educational institution. Sexual harassment in any form, by any member of the College community, including employees, agents, volunteers and representatives, students, and all other persons authorized to be present on the campus or to represent the College at any time or place, is therefore prohibited by Lake Washington Institute of Technology. While it is the responsibility of the College to publish and make known this policy to members of the College community, it is the responsibility of members to be familiar and comply with its provisions.

Sexual harassment can occur between members of the opposite sex or between members of the same sex, among College employees, among students, among other persons on campus, or between any of these persons. In some cases, sexual harassment may occur when a third party reasonably believes that a person in some position of authority gives or appears to give preferential treatment to another person in consideration of a romantic or sexual relationship.

It is a violation of College policy for any member of the College community to engage in sexual harassment. Furthermore, it is a violation of policy to retaliate against any individual or group of individuals who brings an allegation or files a complaint of sexual harassment, or who participates in any proceeding to determine if sexual harassment has occurred. Violations of these policies may result in disciplinary action up to and including dismissal from the College. Complaints of sexual harassment or violation(s) of these policies must be filed with the affirmative action officer or designee in accordance with policy 2.P.82 or 2.P.83.

Definitions:

1. Sexual harassment is defined as unwelcome sexual advances, requests for sexual favors and other oral or written communication or physical conduct of a sexual nature when:

   A. Submission to such conduct is made either explicitly or implicitly a term or condition of an individual’s employment or academic standing;

   B. Submission to or rejection of such conduct by an individual is used as a basis for employment or academic decisions affecting such individual; or
C. Such conduct has the purpose or effect of unreasonably interfering with an individual’s work or academic performance, or such conduct creates an intimidating, hostile or abusive work or academic environment.

2. Sexual harassment is further defined as conduct which places an objectionable emphasis on the sexuality or sexual identity of a person when:

A. The objectionable acts are directed toward person(s) of either sex;

B. The intent or effect of the objectionable act(s) is to limit or deny full and equal participation in employment or educational services, opportunities or benefits; or

C. The intent or effect of the objectionable act(s) is to create an intimidating, hostile or offensive academic or work environment for the member of either sex.

2.P.18 Sexual or Romantic Relationships with Students, Employees, or Members of the Campus Community

There is an inherent inequality in relationships between students and those College employees with a professional responsibility to teach, advise, counsel or otherwise facilitate students in their academic careers. Consequently, the ability of students to genuinely consent to the romantic or sexual advances of such College personnel must be considered questionable. Such relationships may also create an appearance of favoritism in the eyes of third parties which may contribute to the creation of a hostile educational environment.

There is a similar inherent inequality between supervisors and administrators and those College employees whom they supervise when the supervisor or administrator has the ability to affect the employees’ career advancement, pay, job assignments, or other terms and conditions of employment. Such relationships may also create the appearance of favoritism in the eyes of third parties and contribute to the creation of a hostile work environment.

Therefore, College employees are prohibited from engaging in any romantic or sexual relationship with or from making any overt romantic or sexual advances upon students whom they have professional responsibility to teach, advise, counsel or otherwise facilitate in their (the students’) academic careers. College employed administrators or supervisors at any level are prohibited from engaging in any romantic or sexual relationship with or from making any overt romantic or sexual advances upon any employee or member of the College community they supervise or the terms and conditions of whose employment or position at the College they have the ability to affect.

Complaints may be initiated by a student, employee or other member of the College community who is or has been in a romantic or sexual relationship or is or has been the subject of overt romantic or sexual advances, or by third parties who allege they have been specifically adversely affected by such a relationship.

The President may initiate formal proceedings on his or her own initiative.

Any complainant who files a complaint under this policy in willful disregard of the truth may be subject to appropriate disciplinary proceedings.
Grievances and Appeals of College Actions

Students may appeal or grieve a college action (excluding grades and student conduct decisions) by filing a written notice of appeal with the appropriate vice president.

- Appeals must be filed with twenty-one (21) days of notice of the college action. Documented extenuating circumstances (such as medical complications or recall to military duty) may extend this timeframe.
- Failure to timely file a notice of appeal constitutes a waiver of the right to appeal and the college action shall be deemed final.
- The grievance shall be filed with the Vice President of Instruction regarding academic actions, with the Vice President of Administrative Services for administrative and business service issues, and with the Vice President of Student Services for other student matters.
- The notice of appeal must include a brief statement explaining why the student is seeking review of the action.
- The parties to an appeal shall be the student and the college employee who initiated the college action.
- A student who timely appeals a college action has a right to a prompt, fair, and impartial review of the matter.
- On appeal, the college bears the burden of establishing the evidentiary facts underlying the college action based on a preponderance of the evidence.
- From the date of receipt of the appeal, the vice president has ten (10) days to render a written decision to both parties. The brief written statement will minimally contain the reasons for the decision. This decision is final.
- This procedure does not apply to: Grade appeals and student conduct decisions.

Policy Manual Reference 7.P.77- WAC 495D-121-470

The following supplemental definitions shall apply for purposes of student conduct code proceedings involving allegations of sexual misconduct by a student:

- A “complainant” is an alleged victim of sexual misconduct, as defined in subsection (2) of this section.
- “Sexual misconduct has the same meaning as the prohibited conduct set forth under this heading in WAC 495D-121-590 (18).
Discipline Procedures for Cases Involving Allegations of Sexual Misconduct—Supplemental Complaint Process

Policy Manual Reference 7.P.79 - WAC 495D-121-480

The following supplemental procedures shall apply with respect to complaints or other reports of alleged sexual misconduct by a student.

- The college's Title IX compliance officer shall investigate complaints or other reports of alleged sexual misconduct by a student. Investigations will be completed in a timely manner and the results of the investigation shall be referred to the student conduct officer for disciplinary action.
- Informal dispute resolution shall not be used to resolve sexual misconduct complaints without written permission from both the complainant and the respondent. If the parties elect to mediate a dispute, either party shall be free to discontinue mediation at any time. In no event shall mediation be used to resolve complaints involving allegations of sexual violence.
- College personnel will honor requests to keep sexual misconduct complaints confidential to the extent this can be done without unreasonably risking the health, safety, and welfare of the complainant or other members of the college community or compromising the college's duty to investigate and process sexual harassment and sexual violence complaints.
- The student conduct officer, prior to initiating disciplinary action, will make a reasonable effort to contact the complainant to discuss the results of the investigation and possible disciplinary sanctions and/or conditions (if any) that may be imposed upon the respondent if the allegations of sexual misconduct are found to have merit.
- The student conduct officer, on the same date that a disciplinary decision is served on the respondent, will serve a written notice informing the complainant whether the allegations of sexual misconduct were found to have merit and describing any disciplinary sanctions and/or conditions imposed upon the respondent for the complainant’s protection, including disciplinary suspension or dismissal of the respondent. The notice will also inform the complainant of his or her appeal rights. If protective sanctions and/or conditions are imposed, the student conduct officer shall make a reasonable effort to contact the complainant to ensure that prompt notice of the protective disciplinary sanctions and/or conditions.

Discipline Procedures for Cases Involving Allegations of Sexual Misconduct—Supplemental Appeal Rights

Policy Manual Reference 7.P.81 - WAC 495D-121-490

The following actions by the student conduct officer may be appealed by the complainant:

- The dismissal of a sexual misconduct complaint; or
- Any disciplinary sanction(s) and conditions imposed against a respondent for a sexual misconduct violation, including a disciplinary warning.
- A complainant may appeal a disciplinary decision by filing a notice of appeal with the conduct review officer within twenty-one (21) days of service of the notice of the discipline decision provided for in WAC 495-121-340 (5). The notice of appeal may include a written statement setting forth the grounds of appeal. Failure to file a timely notice of appeal constitutes a waiver of this right and the disciplinary decision shall be deemed final.
- If the respondent timely appeals a decision imposing discipline for a sexual misconduct violation, the college shall notify the complainant of the appeal and provide the complainant an opportunity to intervene as a party to the appeal.
• Except as otherwise specified in this supplemental procedure, a complainant who timely appeals a disciplinary decision or who intervenes as a party to respondent’s appeal of a disciplinary decision shall be afforded the same procedural rights as are afforded the respondent.

• An appeal by a complainant from the following disciplinary actions involving allegations of sexual misconduct against a student shall be handled as a brief adjudicative proceeding:
  • exoneration and dismissal of the proceedings;
  • an disciplinary warning;
  • a written reprimand;
  • disciplinary probation;
  • suspensions of ten (10) instructional days or less; and/or
  • any conditions or terms imposed in conjunction with one of the foregoing disciplinary actions.

• An appeal by a complainant from disciplinary action imposing a suspension in excess of ten (10) instructional days or an expulsion shall be reviewed by the student conduct committee.

• In proceedings before the student conduct committee, respondent and complainant shall have the right to be accompanied by a non-attorney assistant of their choosing during the appeal process. Complainant may choose to be represented at the hearing by an attorney at his or her own expense, but will be deemed to have waived that right unless, at least four (4) business days before the hearing, he or she files a written notice of the attorney’s identity and participation with the committee chair, and with copies to the respondent and the student conduct officer.

• In proceedings before the student conduct committee, complainant and respondent shall not directly question or cross examine one another. All questions shall be directed to the committee chair, who will act as an intermediary and pose questions on the parties’ behalf.

• Student conduct hearings involving sexual misconduct allegations shall be closed to the public, unless respondent and complainant both waive this requirement in writing and request that the hearing be open to the public. Complainant, respondent and their respective non-attorney assistants and/or attorneys may attend portions of the hearing where argument, testimony and/or evidence are presented to the student conduct committee.

• The chair of the student conduct committee, on the same date as the initial decision is served on the respondent, will serve a written notice upon complainant informing the complainant whether the allegations of sexual misconduct were found to have merit and describing any disciplinary sanctions and/or conditions imposed upon the respondent for the complainant’s protection, including suspension or dismissal of the respondent. The notice will also inform the complaint of his or her appeal rights.

• Complainant may appeal the student conduct committee’s initial decision to the president subject to the same procedures and deadlines applicable to other parties.

• The president, on the same date that the final decision is served upon the respondent, shall serve a written notice informing the complainant of the final decision. This notice shall inform the complainant whether the sexual misconduct allegation was found to have merit and describe any disciplinary sanctions and/or conditions imposed upon the respondent for the complainant’s protection, including suspension or dismissal of the respondent.

1. Assault: Assault, physical abuse, verbal abuse, threat(s), intimidation, harassment, bullying, stalking or other conduct which harms, threatens, or is reasonably perceived as threatening the health or safety of another person or another person’s property. For the purpose of this paragraph:

   b) Stalking is intentional and repeated following of another person, which places that person in reasonable fear that the perpetrator intends to injure, intimidate or harass that person.    c) Cyber Misconduct: Cyber-stalking, cyber-bullying or online harassment. Use of electronic communications, including, but not limited to, electronic mail, instant messaging, electronic bulletin boards, and social media sites, to harass, abuse, bully or engage in other conduct which harms, threatens, or is reasonably perceived as threatening the health or safety of another person. Prohibited activities include, but are not limited to, unauthorized monitoring of another’s email communications directly or through spyware, sending threatening emails, disrupting electronic communications with spam or by sending a computer virus, sending false messages to third parties using another’s email identity, non-consensual recording of sexual activity, and non-consensual distribution of a recording of sexual activity.

   d) Sexual Misconduct: The term “sexual misconduct” includes sexual harassment, sexual intimidation, and sexual violence.

      • Sexual Intimidation. The term “sexual intimidation” incorporates the definition of “sexual harassment” and means threatening or emotionally distressing conduct based on sex, including, but not limited to, nonconsensual recording of sexual activity or the distribution of such recording.

      • Sexual Violence. The term “sexual violence” incorporates the definition of “sexual harassment” and means a physical sexual act perpetrated without clear, knowing, and voluntary consent, such as committing a sexual act against a person’s will, exceeding the scope of consent, or where the person is incapable of giving consent, including rape, sexual assault, sexual battery, sexual coercion, sexual exploitation, or gender – or sex-based stalking. The term further includes acts of dating or domestic violence. A person may be incapable of giving consent by reason of age, threat or intimidation, lack of opportunity to object, disability, drug or alcohol consumption, or other cause.

   e) Harassment: Unwelcome and offensive conduct, including verbal, nonverbal, or physical conduct, that is directed at a person because of such person’s protected status and that is sufficiently serious as to deny or limit, and that does deny or limit, the ability of a student to participate in or benefit from the college’s educational program or that creates an intimidating, hostile, or offensive environment for other campus community members. Disciplinary Sanctions
Policy Manual Reference 7.P.101 WAC 495D-121-600

Disciplinary actions include, but are not limited to, the following sanctions that may be imposed upon students according to the procedure outlined in WAC 495D-121-340.

Primary Sanctions:

- **Disciplinary Warning:** A verbal statement to a student that there is a violation and that continued violation may be cause for further disciplinary action.

- **Written Reprimand:** Notice in writing that the student has violated one or more terms of this code of conduct and that continuation of the same or similar behavior may result in more severe disciplinary action.

- **Disciplinary Probation:** Formal action placing specific conditions and restrictions upon the student's continued attendance depending upon the seriousness of the violation and which may include a deferred disciplinary sanction. If the student subject to a deferred disciplinary sanction is found in violation of any college rule during the time of disciplinary probation, the deferred disciplinary sanction, which may include, but is not limited to, a suspension or a dismissal from the college, shall take effect immediately without further review. Any such sanction shall be in addition to any sanction or conditions arising from the new violation. Probation may be for a limited period of time or may be for the duration of the student’s attendance at the college.

- **Disciplinary Suspension:** Dismissal from the college and from the student status for a stated period of time. There will be no refund of tuition or fees for the quarter in which the action is taken. The student is not guaranteed readmission at the end of such period of time, but is guaranteed a review of the case and a decision regarding eligibility for readmission.

- **Dismissal:** The revocation of all rights and privileges of membership in the college community and exclusion from the campus and college-owned or controlled facilities without any possibility of return. There will be no refund of tuition or fees for the quarter in which the action is taken.

Disciplinary terms and conditions that may be imposed in conjunction with the imposition of a disciplinary sanction include, but are not limited to, the following:

- **Restitution:** Reimbursement for damage to or misappropriation of property, or for injury to persons, or for reasonable costs incurred by the college in pursuing an investigation or disciplinary proceeding. This may take the form of monetary reimbursement, appropriate service, or other compensation.

- **Professional Evaluation:** Referral for drug, alcohol, psychological, or medical evaluation by an appropriately certified or licensed professional may be required. The student may choose the professional within the scope of practice and with the professional credentials as defined by the college. The student will sign all necessary releases to allow the college access to any such evaluation. The student’s return to college may be conditioned upon compliance with recommendations set forth in such a professional evaluation including but not limited to drug and alcohol education, anger management coursework, or ongoing treatment. If the evaluation indicates that the student is not capable of functioning within the college community, the student will remain suspended until future evaluation recommends that the student is capable of reentering the college and complying with the rules of conduct.

- **Not in Good Standing:** A student may be deemed “not in good standing” with the college. If so the student shall be subject to the following restrictions:
  - Ineligible to hold an office in any student organization recognized by the college or to hold any elected or appointed office of the college.
• Ineligible to represent the college to anyone outside the college community in any way, including representing the college at any official function, or any forms of intercollegiate competition or representation.

• No Contact Orders and Other Summary Relief: The College may require a student to refrain from any form of contact with another student or college employee. Other forms or relief include, but are not limited to: switching to alternate sections of individual classes or programs, delaying admission to an instructional program, assigned seating during a class, or behavioral contracts.

Secondary Sanctions
No order of severity is established for secondary sanctions:

• Community/College Service: A student may be offered an opportunity to complete a specified number of hours of Community/College Service in lieu of other sanctions. The type of Community/College Service must be approved by the hearing officer.

• Educational Requirements: A provision to complete a specific educational requirement directly related to the violation committed. The provision will be clearly defined. Such educational requirements may include, but are not limited to, completion of an alcohol education workshop, a diversity awareness workshop, an anger management class, essays, or reports.

• Restrictions: The withdrawal of specified privileges for a definite period of time, but without the additional stipulations contained in the imposition of conduct probation. The restrictions involved will be clearly defined.

• Loss of Parking Privileges on Campus: Revocation of parking privileges.

Anti-Terrorism Policy

Any act of terrorism on an LWTech Campus will most assuredly have a negative impact on the psyches and the physical aspects of our every-day community life. Acts of terrorism include, but are not limited to chemical and biological threats, conventional and radiological explosive events, and nuclear blast events. While none of these situations are desirable, they are survivable. It should be noted here that in the event of a catastrophic terrorist event we may need to “shelter in place” for up to 72 hours to allow time for County, State, and Federal emergency officials to render aid. In the event of use of any weapon of mass destruction (WMD) on our campus, the Federal Bureau of Investigation (FBI) will have complete operational control of the situation. Upon transfer
to the clean-up and recovery stage, the Federal Emergency Management Agency (FEMA) will assume operational control until the event is concluded and control is returned to LWTech.

The essence of any effective response to terrorist attack is to remain calm and as clear-headed as possible; such situations call for the utmost in common sense. With that in mind, prepare to survive should you be faced with a catastrophic event.

Of the events listed above, it is important to note that only chemical, conventional explosive, and nuclear blast events are readily detectable; it is abundantly clear when these events take place. What may not be clear is the difference between a conventional and a radiological explosion as the external appearance is the same; a radiological explosion uses a conventional explosive event as a vehicle to disperse radiological agents (also known as a “dirty bomb”). Depending on the material used in a “dirty bomb,” the negative effects of radiation exposure may take hours or days to manifest themselves upon humans exposed to the event. The explosion itself is obvious; the unknown part is if it is a “conventional” or “dirty” event. It is best to treat conventional explosions as potential radiation threat.

The first responder to a terrorist act will:

- Call 911 (on campus 9-911) then Campus Public Safety at extension 8224 or 425-739-8224.
- Determine, if possible, the type of event at hand.
- Initiate the appropriate emergency response.
- Assist in establishing a quarantine perimeter.
- Assist responding police and fire personnel.

Contamination considerations preclude a first responder’s return to the general population until examined and released by health officials. Additional information may be obtained from the homeland security website to reach local, state, and federal agencies and other, valuable, anti-terrorism and emergency response information.

**Hazing Policy**

Hazing, including any method of initiation (on or off campus) into a student organization, living group, or team is prohibited. Hazing is defined as any activity that causes, or is likely to cause, bodily danger or physical harm; personal degradation or disgrace; or serious mental or emotional harm. For an individual or group to engage in or conspire to engage in any such activities are grounds for disciplinary action. If any club or organization engages in hazing, that group risks losing any and all College-related privileges. State law also provides that a person who participates in hazing of another shall forfeit any entitlement to state-funded grants, scholarships, or awards.

Activities that could be described as hazing include, but are not limited to:

- Compelled ingestion, forced consumption, or vomit-inducing exercises of alcohol, drugs, or foods
- Encouraging the rapid consumption of alcohol in a short period of time; drinking games
- Paddling, striking, or branding of an individual
- Causing an individual to be indecently exposed; total or substantial nudity
- Excessive exercise
- Sleep deprivation
- Activities which are physically burdensome or threaten the health of the individual
- Activities that expose personal values to compromise or ridicule
• Transportation and abandonment
• Confinement of an individual to an unreasonably small, unventilated, unsanitary, or unlighted areas
• Assignments of pranks to be performed
• Compelled personal servitude
• Any activities that interfere with academic pursuits or with normal life functions
