Partnerships

Many businesses and corporations currently benefit from partnerships of all types. A company may give cash or non-cash gifts to the college in return for a service, such as use of facilities or training. Over 400 leaders from business and industry currently help make this possible. Be creative. How can we serve your business while you support the college?

Thanks to our many donors and supporters, 2007 was a banner year for the Lake Washington College Foundation and the students and programs we help support.

Endowments grew from $397,000 in 2006 to $547,000 in 2007. Faculty endowments almost doubled and three individual endowments were established: The Norah N. and Gerald F. Link Endowment (to support student scholarships), The International Student Scholarship Endowment (to support international students) and The Dr. Metke President’s Fund Endowment (to support the college’s strategic initiatives).

The Foundation also provided more than 35 scholarships to students in 2007, raised more than $32,000 at our 4th annual Sailing to Success auction and directly helped 20 students through the Student Emergency Fund. In addition, a Foundation team participated in the 2007 “Red-Spoke” Redmond to Spokane bike ride fundraiser and raised more than $15,000 for the Foundation.

It’s so rewarding to see how the Foundation—through your donations and support—directly benefits individual students. With your help, we are making a difference in so many student’s lives.

Thank you for another wonderful year and for helping us build a brighter future, one student at a time.

Gerald M. Hughes,
President, Lake Washington College Foundation
