

Behavioral and Social Services

 School of Health Sciences

Turn your passion into your career

The Behavioral and Social Services program at Lake Washington Institute of Technology prepares you for a variety of exciting and challenging career opportunities. You will develop the knowledge, skills and professional values to assist individuals and groups with concerns such as mental health problems, substance use issues, homelessness, trauma, and poverty.

Graduates will be prepared to enter the workforce, advance in their current employment, or enroll in a graduate degree program in a related field such as, social work, addiction treatment, or counseling.
