

# Biology

## DTA/MRP

School of  
Health Sciences

Take the first step  
to a career in biology

The Associate Degree Direct Transfer Agreement (DTA/MRP) in **Biology** at Lake Washington Institute of Technology (LWTech) prepares students to transfer to a four-year university and complete bachelor's degree majors in Biology, other life sciences, or in many health-related fields.

LWTech's **Biology DTA/MRP** is part of an agreement between baccalaureate institutions offering bachelor degrees in Biology or related fields and the community and technical college system.

## Program Highlights

- Engages students in the process of science with experimental design and data analysis
- Perform literature reviews and identify and locate appropriate resources to answer questions concerning living systems and basic chemistry
- Provides students with a strong foundation of core biological concepts including energy and matter, structure and function, information flow, and evolution
- Apply fundamental concepts of general chemistry to real life problems
- Demonstrate critical thinking, intercultural appreciation, information literacy, communication and teamwork

## Degrees & Certificates

**DTA/MRP** Associate in Biology,  
Direct Transfer Agreement/  
Major Related Program (DTA/MRP)
