

Construction Management DTA/MRP

 School of Business

Take the first step to a career in construction

In today's construction industry, **demand is high** for well-trained managers who can tackle complex projects and track construction of a project, from its beginning to its end.

The Associate in **Construction Management** Direct Transfer Agreement/Major Related Program (DTA/MRP) degree is a pathway for students planning to transfer to university for a major in Construction Management (American Council for Construction Education accredited) programs.
