

Diesel and Heavy Equipment Technician

Diesel & Heavy Equipment Technician AAS students learn how to diagnose problems and perform repairs on various vehicle components in the trucking and heavy equipment industries.

The Diesel & Heavy Equipment Technician (DHET) AAS degree educates and mentors students in the latest technology, equipment, ideals, and fuel systems that power the diesel and heavy equipment industry today and in the future both close to home and at locations worldwide. Our DHET program prepares students for lifelong learning and skill development, helps students realize their potential to be successful at their careers and improves our community, economy and environment.
