

School of Information Technology

LWTech.edu/IT-school

Computer Security & Network Technology students

“My faculty advisor and instructors are amazing. They want to prepare you for everything....They give a realistic representation of what the field is like.”

—Jacob LeMasters, Computing & Software Development student

The programs offered at Lake Washington Institute of Technology’s School of Information Technology are designed for people who are interested in a career in Computer Science, Computer Security, Networking and Software Development. Programs in the School of Information Technology are for students who are interested in staying current with

technology trends, implementation and support of applications, and implementation of hardware systems, just to name a few.

Average WA State Salary*:

Computer Security & Network Technician:
\$81,819/yr.

Software Development:
\$123,894/yr.

LAKE WASHINGTON
INSTITUTE OF TECHNOLOGY

Programs:

- **Computer Science DTA/MRP**
The Associate in Computer Science DTA/MRP degree prepares students to transfer to a four-year university and complete a bachelor's degree in Computer Science. This agreement meets all the requirements of Washington's Direct Transfer Agreement.
- **Computer Security & Network Technology**
This hands-on 2-year program covers a wide variety of IT training, including troubleshooting physical and virtual networks, operating systems and data security. Students will train for today and tomorrow's IT challenges and learn what it takes to build a successful career in the growing, in-demand field of Information Technology.
- **Computing & Software Development**
Both the Associate and Bachelor's degree in Computing & Software Development prepare individuals to work as software developers for large and small companies. Students gain beginning and advanced skills in designing, coding, implementing and maintaining programs and database systems.
- **Technology DTA/MRP**
This degree program is for students preparing for industrial/mechanical technologies and mechanical/electrical/computer engineering technology majors at Central Washington University, Eastern Washington University, and Western Washington University.

LWTech is a public college and is proud to be regionally accredited by the Northwest Commission on Colleges and Universities at the associate and bachelor degree level. The NWCCU is the same organization that that oversees accreditation for 162 institutions, including University of Washington, Washington State University, and Central Washington University. Some of our programs carry industry accreditation as well.

LWTech is an equal opportunity institution. [LWTech.edu/eo](https://www.lwtech.edu/eo) 04/2017
