

Medical Assisting

 School of Health Sciences

Provide the important link
between patient and physician

The Lake Washington Institute of Technology (LWTech) **Medical Assisting** Program prepares students for high demand medical office positions including front and back office positions. Graduates are eligible to take the Certified Medical Assistant examination offered by the American Association of Medical Assistants.

The program will provide students with a knowledge base that includes anatomy, physiology, medical terminology, pharmacology, medical billing and coding, medical office assessments and procedures, patient care and education.
