

Nursing

Comprehensive Education for a Career in Health Care

The Nursing program at Lake Washington Institute of Technology will provide you with a comprehensive education that will help you launch a career in health care.

The program's innovative approach to nursing education is designed to help you succeed as a professional in the health care area of your choice.

The program features small class sizes, state-of-the-art learning labs, and clinical experiences in a variety of health care settings. Lake Washington offers several degree and certificate options for you to choose from, including:

- Nursing Associate in Applied Science degree (two years)
- Nursing Assistant Certification of Completion (11 credits)

"The instructors are incredibly supportive and always listen to each student with respect.

I received a lot of encouragement and guidance from them that helped me to achieve my goal.

They are role models and showed me how to take care of individuals with compassion. I am glad that I chose this program to start my nursing career."

—Kwija, Nursing student

Program Highlights

The Lake Washington Nursing program will prepare you to practice professional nursing in a variety of settings. The program features some of the best nursing training equipment in the region, including the largest human simulation laboratory on the Eastside.

When you successfully complete this program, you'll be eligible to take the Registered Nurse licensing exam (NCLEX-RN).

Nursing Information Seminar

A nursing program seminar is offered every quarter to provide you with general information about a nursing career, as well as admission information. It also gives you a chance to meet student services and ask them any questions you might have.

Learn from Industry Experts

Lake Washington's Nursing program instructors are experts in nursing education and use a variety of teaching strategies to support the learning style that fits you best, including hands on training and clinical simulation. Each instructor has a wealth of clinical knowledge and years of direct work experience in different specialty areas.

From the first day of class, you'll see that your nursing instructors have a genuine interest in your success and are committed to helping you achieve your goals.
