Application Process & Requirements

Admission to the PTA program at LWTech has admission requirements beyond those necessary for general admission to the college. Students are admitted annually to the PTA Program. To be considered for admission, applicants must complete prerequisite courses and meet program entry requirements. Acceptance into the PTA program is competitive. Meeting minimum requirements does NOT guarantee acceptance into the program. Please follow all directions in this application carefully. Failure to comply with the process described within may result in disqualification from the admissions pool for this program.

Please allow adequate processing time for all documents and transcripts you need to submit to LWTech. In order to create a fair selection process, we will only consider application packets to be complete when they include all the necessary official transcripts and other documents and have met the stated deadline. **We do not contact applicants who have missing documents.** Only students with completed applications will be considered for admissions to the LWTech PTA Program. It is the student's responsibility to make sure all requirements are met and all required documents are received for the application.

New Applicants

Step 1: Apply for admission (online or in person) to LWTech to receive your Student ID Number (SID) - lwtech.edu/admissions

Step 2: Attend either the online or on campus information session: [2019 Online Information Session](#). LWTech lists session dates online at lwtech.edu/pta

Step 3: After completing all application requirements, fill out the PTA application here and submit. For questions on the admission process, email selective.admission@lwtech.edu

Re-Applicants

If you previously applied to the Physical Therapist Assistant program and would like to re-use documents, please complete the application and make sure to complete the re-applicant tab

*****LWTech does not consider incomplete applications for admission*****
