School of Transportation Technology

Auto Repair students perform diagnostics on a car

“...It helped me find what I was really good at, and what I needed to work on. If you want a career in auto repair, LWTech is the place to jump start it.”

—Melyssa Langbecker, Auto Repair Technician student

The programs offered at Lake Washington Institute of Technology’s School of Transportation Technology prepare students for careers in Auto Repair, Auto Body, and Diesel and Heavy Equipment. Students in the School of Transportation Technology use the most cutting-edge practices and equipment in a hands-on environment.

Graduates of the school are prepared to work for businesses in the transportation technology sector.

Average WA State Salary*:

Auto Body Technician:

\$50,632/yr.

Auto Repair Technician:

\$45,076/yr.

Diesel and Heavy Equipment Technician:

\$53,534/yr.

LAKE WASHINGTON
INSTITUTE OF TECHNOLOGY

Programs:

- **Auto Body Technician**

As one of the premier auto body repair programs in the Pacific Northwest, graduates of this program are qualified for employment in the high-wage, high-demand field of auto body repair and restoration. The program provides an option for specializing in restoration or custom painting, with emphasis placed on building the skills necessary to do auto body repair, with lots of opportunity to practice the skills.

- **Auto Repair Technician**

This affordable program features a hands-on auto repair learning environment with the most current tools, equipment and computerized instruments available. Students graduate from the program as well-trained technicians and can expect rapid employment in various auto repair industries.

- **Diesel and Heavy Equipment Technician**

This program educates and mentors students in the latest technology, equipment, ideals, and fuel systems that power the diesel and heavy equipment industry. Graduates of this program are prepared to succeed on the ASE and OEM certification exams, as well as for lifelong learning and skill development.
