Program of Study

Date you wish to terminate your SEVIS record:

Please close my SEVIS record for the following reason: _____

Definition of Reasons

Authorized Early Withdrawal (Family Emergency, Personal Reasons, Leave of Absence):

You need to withdraw from school and depart the United States prior to program completion. Please note you must leave the US within 15 days of the termination date. If you do not depart within 15 days of the record termination, we will not be able to re-activate your SEVIS record.

If you will be able to resume your studies in less than 5 months, LWTech can request to reactivate your SEVIS record, so that you can return to the United States (provided your F-1 visa is still valid) on a new I-20 issued from the same SEVIS record and SEVIS ID. This request can be made up to 60 days before your next session start date in SEVIS. If it is more than 5 months before you resume your studies, you will need to apply again as a new student.

Change of Status Approved (COS)- student must provide proof of approval:

U.S. Citizenship and Immigration Services (USCIS) approved the student's change of status out of F or M status.

or

The student left the United States and returned in a different immigration status. The student does not plan to travel again to return in F/M status.

Please explain the reason you are requesting your SEVIS record to be closed.

Student Certification

By signing this form, I attest that the above information is true. I understand that providing false information may negatively affect my immigration status.
