

DSS CASAS Testing

1. The Academic Skill Center has a "CASAS Modification Request Form" for a student requesting accommodations for the CASAS. The form is filled out by the student.
2. Here are two links for CASAS accommodations

3. A student cannot have a reader for the CASAS. The student has the option of not taking the CASAS.
4. A note should be added to the student's file explaining why the student is not able to take the CASAS. "Due to the nature of the disability, the student is unable to take the exam due to the provisions surrounding the accommodations for the CASAS. The student is registered with the DSS office on campus. For additional questions, please contact the DSS Coordinator. "
