

## ***Circulating Tech and Games at LWTech's LLC***

May, 2016

In addition to its collections of books, movies, and music, the LWTech Library Learning Commons also has various equipment for student use. Some of these technologies can only be used in the library, and some can be checked out. Additionally, some collection items are available to all, and others are restricted to either student or faculty/staff. Please see below for an extensive list of our offerings, and [email us](#) or visit us in person if you have additional questions or comments. Note: all items below can be checked out to students, faculty, and staff with ID numbers, unless otherwise specified.

#### Circulating Computers

There are a limited number of computers available for LWTech students and employees. Following an agreement to strict guidelines established by the Library Learning Commons, students can use special laptops (in-library only), and employees have access to laptops and tablets (short-term checkout only). Please note that these devices are in high-demand and there is no guarantee of availability at any given time. For information and checkout requests, [email the library](#) or visit us in person.
